A wedding budget isn't about restriction.

It's about clarity.

When you know where your money is going, you can make decisions with confidence and avoid unnecessary stress along the way.

This worksheet is here to guide you.

You don't need to fill in everything, only what applies to your day.

How to use this

For each item, note:

- Estimated cost
- Deposit paid
- Balance remaining
- Who is contributing (if relevant)

Keep it simple. This is a working guide, not a perfect document.

A Final Thought

There is no “perfect” wedding budget.

What matters is that your spending reflects what is important to you.

Some couples prioritise food and celebration.

Others focus on intimacy and simplicity.

There is no right choice, only your choice.
